North I-75 Master Plan

The Florida Department of Transportation (FDOT) invites you to attend the North I-75 Master Plan Public Open House. The public open house will be held at three separate locations (see project map) to present the findings of the study and to allow multiple opportunities for interested individuals to attend. The same information and displays will be available at each public open house. FDOT representatives will be present to answer any questions you may have.

The purpose of the North I-75 Master Plan Study is to address the recommendations of the I-75 Relief Task Force. The study evaluated improvements to I-75 and major north-south corridors parallel to I-75, such as US 41 (located to the west), US 301 and US 441 (located to the east), in their ability to provide traffic relief to I-75.

Public participation is solicited without regard to race, color, national origin, age, sex, religion, disability, or family status. People who require special accommodations under the Americans with Disabilities Act (ADA) or who require translation services (free of charge) should contact Ms. Huiwei Shen at the contact information below, at least seven days prior to the meeting.

TUESDAY, APRIL 11, 2017
Hilton University of Florida
Century A Conference Center
1714 SW 34th Street
Gainesville, Florida 32607
5:30 pm – 7:30 pm

TUESDAY, MARCH 14, 2017
